Professional Swift Michael Dippery

Transition from Objective-C to the cleaner, more functional Swift quickly and easily

Professional Swift shows you how to create Mac and iPhone applications using Apple's new programming language. This code-intensive, practical guide walks you through Swift best practices as you learn the language, build an application, and refine it using advanced concepts and techniques. Organized for easy navigation, this book can be read end-to-end for a self-paced tutorial, or used as an on-demand desk reference as unfamiliar situations arise. The first section of the book guides you through the basics of Swift programming, with clear instruction on everything from writing code to storing data, and Section II adds advanced data types, advanced debugging, extending classes, and more. You'll learn everything you need to know to make the transition from Objective-C to Swift smooth and painless, so you can begin building faster, more secure apps than ever before.

- Get acquainted with the Swift language and syntax
- Write, deploy, and debug Swift programs
- Store data and interface with web services
- Master advanced usage, and bridge Swift and Objective-C

Professional Swift is your guide to the future of OS X and iOS development.

From reader reviews:

Diana Castillo:

Information is provisions for people to get better life, information currently can get by anyone from everywhere. The information can be a understanding or any news even restricted. What people must be consider any time those information which is from the former life are hard to be find than now is taking seriously which one is suitable to believe or which one typically the resource are convinced. If you receive the unstable resource then you get it as your main information we will see huge disadvantage for you. All those possibilities will not happen inside you if you take Professional Swift as your daily resource information.

Willie Burroughs:

People live in this new time of lifestyle always attempt to and must have the free time or they will get large amount of stress from both everyday life and work. So , once we ask do people have free time, we will say absolutely indeed. People is human not only a robot. Then we inquire again, what kind of activity have you got when the spare time coming to you actually of course your answer may unlimited right. Then do you try this one, reading guides. It can be your alternative inside spending your spare time, the book you have read will be Professional Swift.

Larry Witcher:

Do you really one of the book lovers? If yes, do you ever feeling doubt when you are in the book store? Aim to pick one book that you never know the inside because don't assess book by its protect may doesn't work the following is difficult job because you are scared that the inside maybe not since fantastic as in the outside look likes. Maybe you answer might be Professional Swift why because the amazing cover that make you consider with regards to the content will not disappoint you actually. The inside or content is usually fantastic as the outside or even cover. Your reading 6th sense will directly make suggestions to pick up this book.

Rocky Melvin:

A lot of publication has printed but it differs. You can get it by internet on social media. You can choose the very best book for you, science, comedian, novel, or whatever by searching from it. It is known as of book Professional Swift. You can add your knowledge by it. Without departing the printed book, it can add your knowledge and make anyone happier to read. It is most significant that, you must aware about e-book. It can bring you from one place to other place.
