Deadly Little Secrets Marla Miller

The year is 1985 in *Deadly Little Secrets*, a story about taking sides and playing dirty. A work of fiction, in many parts of the USA, the issue of AIDS education in public high schools is still the hot button it was back when the virus first took hold and this story takes place. The political divide clearly demarcated now was just beginning to ‘crack’ in many communities resembling Corona Cove, the upscale seaside town turned sideways by deep-seeded differences in religious beliefs.

Though that battle shifts allegiances in her home town, that’s not what threatens to sever the lifelong friendship between school nurse Loretta Casterini and Dr Julia Brooks, both mothers of teens at the school.

Loretta is on the defense; she can’t help it. She co-teaches the sex ed class and does a bang up job if you’re pardon the pun. She’s not so naive; she recognizes the ugly truths about the evil that prejudice spawns. What Loretta can’t wrap her mind around is how a woman as accomplished as Julia Brooks can turn a blind eye to the machinations of the man they’ve both known since high school, school board president Steven Wilcox.

Julia’s devotion to a man so unworthy is next to impossible for Loretta to understand though admittedly, her own experience with men is limited. ‘I’ve been married since I was born’ is a line she says that’s usually good for a laugh. But that’s her truth and Loretta tells that here too; she doesn’t understand her best friend’s obsession.

Always doing her best to stay on point in this fast-paced tale, sometimes Loretta veers off to rant about the latest dastardly thing Wilcox does during the ten-day period chronicled in *Deadly Little Secrets*. You see, that’s been Wilcox’s effect on her since their high school days. Ever since sophomore year when she introduced Steven to Julia, his power over her best friend was immediate. So was Loretta’s reaction. He never deserved Julia and Loretta never could keep quiet about that fact, obvious to everyone but Julia.

All these years later and in the middle of this AIDS course brohaha, Loretta discovers that Julia is still under his spell; information that causes Loretta to wonder how well she really knows her best friend since the fifth grade. As Loretta learns how much Wilcox is willing to turn the AIDS course into a public battleground, her wondering about her best friend turns into fear. Maybe Loretta never really knew Julia Brooks after all?
