The Next American Revolution: How To Demand Congressional Reform Now Charles Hooper

In *The Next American Revolution*, Charles R. Hooper identifies the corrupted congressional electoral system as the culprit behind a failed national legislature. No matter how much Congress is despised or how dramatic elections appear to be, 80% to 90% of incumbents remain in office. Until reforms are made that alter how members of Congress are elected and how long they can serve in office, there will be no stopping a runaway Congress from ruining its own country. Hooper empowers Americans with the knowledge of a tool the Constitution's framers left to overcome a corrupt federal government. Through Article V of the U.S. Constitution Americans have the right and the power to legally, safely, and effectively take back their Congress. Hooper argues that Americans should momentarily lay aside their partisan differences and focus their combined power toward one common cause--a revolution calling for a convention of the states specifically and solely for the purpose of proposing amendments that will restore Congress to the institution envisioned by the Founders. The author dispels most of the myths surrounding Article V and effectively explains why this is the peoples' best (and last) hope of saving our country from a tyrannical Congress.
