Chromatographic Fingerprint Analysis of Herbal Medicines Volume III: Thin-layer and High Performance Liquid Chromatography of Chinese Drugs

Volume III of this manual provides an overview of the analytical investigation of 23 additional Chinese Herbal Drugs, which are most commonly used in Traditional Chinese Medicine. Together with Volumes I and II this current volume represents the most comprehensive overview to analytical studies of those herbal drugs. The quality proof of the investigation meets the standard of the European Drug Regulatory Authority. The authors refer to the bioactive constituents, pharmacological and biological activities of all single herbal drugs, as well as their therapeutic applications. Analytical methods applied are described in detail.
