Our Social World: Introduction to Sociology

Our Social World: Introduction to Sociology introduces the discipline of sociology to the contemporary student and provides an integrated, comprehensible framework from which to view the world. In each chapter, authors Jeanne H. Ballantine and Keith A. Roberts provide an organizing theme that is not exclusively tied to one theoretical paradigm to help students see relationships between topics. Although several books address global issues, **Our Social World** presents the perspective of students living in the larger global world.
