## **Resistance Warfare 1940-45 (Men-at-Arms)** Carlos Caballero Jurado

The occupation of Western Europe by the Wehrmacht brought about the birth of resistance movements in all the countries affected, as well as collaborationist movements directly opposed to the resistance. In effect, the war against Germany became a civil war within each country. Sought out by the Hoher SS und Polizeiführer ('High Command of the SS and Police') and often aided by the British Special Operations Executive, the Western European Resistance centred largely on espionage and intelligence-gathering. A companion volume to Men-at-Arms 142: Partisan Warfare 1941-45, this book explores the history of resistance warfare during World War II in Norway, Denmark, Holland, Belgium, France and Italy.
