The Beginner's Guide to Classic Motorcycle Restoration: Your Step-by-Step Guide to Setting Up a Workshop, Choosing a Project, Dismantling, Sourcing ... & 1980s (Enthusiast's Restoration Manual)

Ricky Burns

The 1970s and 1980s were wonderful eras for the motorcycle, with their assortment of crazy two-strokes, and the first multi-cylinder superbikes coming thick and fast from Japan. It was a time of fast-paced engineering advances, and a time in motorcycle history that is unlikely ever to be repeated. Those over-budget motorcycles that we longed for then are now available well within budget ... and just waiting to be restored. This book will guide you, in detail, through every stage of classic motorcycle restoration. From sourcing a bike, to outlining each of the techniques, tips and tricks used by experts, this guide will save you time, money, and - best of all - show you that you don't need expert knowledge or a fully-fitted workshop to restore your dream bike. Packed full of photographs, and with detailed instructions, this book is the perfect companion for any classic motorcycle restorer.
