"Volume 1: Outlines and Study Guides" covers all four sections of the CPA examination point by point. It stresses important topical areas to study for each part. It helps establish a self-study preparation program. It divides exam into 45 manageable study units. It provides an outline format supplemented by brief examples and illustrations. It makes material easy to read, understand, and remember. It includes timely, up-to-the-minute coverage for the computerized exam. It explains step-by-step examples of the "solutions approach". It contains all current AICPA content requirements for all four sections of the exam. "Volume 2: Problems and Solutions" offers selected problems from all four examination sections. It contains rationale for correct or incorrect multiple-choice answers. It covers the new simulation-style problems - offering more than 75 practice questions. It details a "solutions approach" to each problem. It updates unofficial answers to reflect current laws and standards. It groups multiple-choice questions into topical categories within modules for easy cross-referencing. It provides a sample examination for each of the four exam parts. The computer-based CPA exam is here! Are you ready?
