The Last Nazi Stan Pottinger

From the *New York Times* bestselling author of *The Fourth Procedure* comes a riveting thriller about a deadly virus, born of the past, that threatens to destroy the present. *The Last Nazi* seamlessly weaves genetics, terrorism, and the very human struggle of right and wrong into a terrifying and unforgettable story.

Melissa Gale is an attractive, ambitious lawyer and investigator for the Office of Special Investigations, the Justice Department's "Nazi Hunters." Her quarry, known only by the name "Adalwolf," was the brilliant young protégé of Dr. Josef Mengele, the Butcher of Auschwitz. Presumed dead for almost fifty years, Adalwolf has suddenly reappeared in the United States to take the lives of three people in a chilling, unusual way.

Melissa stalks Adalwolf to bring him to justice, only to discover that he is actually stalking her. She has something he wants: a personal medical history that holds the key to his plan for the ultimate crime. Using a deadly biological virus born of the genetic projects started in the Nazi labs, Adalwolf is about to unleash the ultimate weapon of mass destruction. Melissa Gale and the baby she is carrying could be the key to his success.

Trapped in his nightmare scheme, she is forced to fight for her life. The tension builds unbearably as Melissa's race to save her baby and stop Adalwolf from carrying out his plan forces her to confront the boundaries of good and evil---not only in him, but in herself.
