Modern Contemporary Calligraphy Beginner Kit

Learn the art of the pointed pen that capitalizes on the cursive handwriting you are familiar with. No awkward markers or fountain pens are used. Instead, your kit will include a dip pen that was commonly used for decades before the ball point pen was invented. This kit includes an 18 page instruction book with illustrations, 8 different lettering guides, TEN calligraphy alphabets, practice sheets along with the dip pen holder, sumi ink, ink pot, and three different nibs. These materials are the same materials I use in my calligraphy workshops and that I use in custom work for my clients. I include my favorite websites where replacement ink or nibs can be purchased as well. This makes a great gift! (sheep, bunny, and wooden boxes not included)
