Administrative Law, The American Public Law System (American Casebook Series) Jerry Mashaw, Richard Merrill, Peter Shane, Elizabeth Magill, Mariano-Florentino Cuellar, Nicholas Parrillo

The Seventh Edition of this course book revises only slightly the organization familiar to its many users, but increases the attention paid to informal processes, current controversies, and the push for open government. Following an introduction to the history, institutional context, and theory of administrative law, students are exposed to four main topics: the political control of administration by Congress and the executive branch; agency processes for adjudication and rulemaking; government access to and required disclosure of information; and judicial remedies for official illegality. Doctrinal analysis is enriched by case studies of the law in action in particular contexts.
