The Alpha's Daughter (The Wolverers) (Volume 3) Jacqueline Rhoades

There is a balm in Gilead, to heal the wounded soul... Jazz Phillips is on the run, fleeing from a fate most females in her pack accept as their lot in life; an arranged mating, something Jazz thought wasn't in her future as the Alpha's daughter and only child. She doesn't want to be the next Alpha's Mate. She doesn't want to be anyone's mate. She likes her life just the way it is until she finds herself stranded in the mountain town of Gilead, home to a small and close knit pack of wolvers. Once there, she begins to question her life as it was and begins to wonder about what it could be, especially in the arms of the wolver the people call Doc. Doc Goodman claims to have settled in Gilead because he saw a need for his services, but in fact, he's a runaway, too. He's rejected his wolver heritage and the warring politics that stripped him of everything he loved most. He's biding his time, waiting to die, until he meets the blue haired, foul mouthed beauty who shows him there are still things worth living for and the most important of them are worth fighting for.
