**The Theocratic Ideology of the Chronicler (Biblical Interpretation Series, V. 33)** Jonathan E. Dyck

This volume is a study of the ideology of the Chronicler in the context of the emerging theocratic community of Judah in the Persian period. It treats the "purpose" of Chronicles from an explicitly social-theoretical perspective. The first two chapters examine the relationship between biblical interpretation and ideological criticism, moving from the historical critical concept of "purpose" to the hermeneutical issues of understanding, ideological critical readings of Chronicles focusing in succession on the identity of Israel, the legitimacy of Jerusalem and the construction of hierarchy. Care is taken throughout to define concepts clearly and to highlight the interpretive perspectives employed making this volume particularly useful for those engaged in methodological discussion.
