Pre-Kindergarten instruction is a crucial part of your child's education. Before he or she begins homeschool programs, he or she should be introduced to the learning process in some capacity. By providing Pre-K education, you are essentially teaching your child how to learn. In fact, many regard Pre-K as a method of helping children succeed later in life.

If you want to offer your child a kick-start to education, you may be interested in using a curriculum for homeschooling that guides you through the teaching process. The Opening the World of Learning (OWL) at Home Bundle is filled with tools that will help you design engaging lesson plans and develop as an instructor.

This curriculum bundle not only prepares you to teach homeschooling programs, but also helps your child develop a love of learning before Kindergarten begins. By using OWL at home, you'll have ample opportunities to read with your child, introducing him or her to new vocabulary and critical thinking skills. As a matter of fact, reading to your child before he or she enters Kindergarten can improve his or her chances of graduating high school by about 30 percent.

Not only that, but the OWL program covers all the domains of learning, including mathematics, language arts, science, social studies, the arts, and emotional physical development. Using OWL will help your child become a well-rounded student even before his or her formal homeschool education begins.

Additionally, OWL encourages you to become intentional in the way you interact with your young child. You'll learn to introduce teaching techniques into everyday conversation. That way, your child will glean new information constantly.

While working on lessons with the OWL curriculum, you'll have the opportunity to ask your child thoughtful questions that relate back to the program. This instructional technique promotes reflection and critical thinking in a unique way.

Take the first step in becoming an excellent homeschool teacher and helping your child grow academically by using OWL at home.
