Mission in Time: An incredible time-travel journey

Richard Scott

Mission in Time: An incredible time-travel journey Richard Scott

A time-travel adventure that just might make you a believer. The Time Machine by H. G. Wells was fun, as was the enjoyable A Wrinkle in Time by Madeleine L'Engle and Jack Finney's delightful Time and Again. If you enjoyed these books, you'll definitely want to read Mission in Time. However, after reading Mission in Time, this might be the first time you actually find yourself believing in time travel. Imagine being sent on a time-travel mission expecting to arrive in a certain period of time and finding yourself in a very different era—a major period in the history of the United States. Imagine finding yourself with people totally unfamiliar with things you've been accustomed to all your life: your skills, foods, views on sanitation, means of travel, kinds of recreation and even your vocabulary. Imagine, too, that despite your advantage over the people you meet in history, you find yourself learning as much from them as they learn from you. Whether you're a time-travel aficionado or a lover of historic novels, you won't be disappointed with Mission in Time.
