The New Sotheby's Wine Encyclopedia, Third Edition Tom Stevenson

Authoritative, international and up-to-date, The New Sotheby's Wine Encyclopedia is arranged geographically and combines maps and photographs with information on all wine-growing areas, profiles of distinguished producers and assessments of individual wines. The book's easy-reference style, and wealth of practical advice, make it an unrivaled source of information for all lovers of wine -- from the occasional drinker to the connoisseur. *Wines of the World*. Distinguished wine authority Tom Stevenson examines the viticultural history of each wine-making country, discussing its wine-producing regions and the current reputation of its wines. He analyzes the factors affecting the taste and quality of each region's wines -- location, aspect, soil, microclimates, grape varieties, and methods of viticulture and vinification -- before assessing its appellations, the individual wine producers (chateaux or wineries), and, of course, the wines themselves. *Enjoying Wine*. Tom Stevenson provides practical guidelines on wine tasting, while an "author's choice" chart at the end of each section lists the very best wines. A star-rating system identifies the finest producers and highlights those offering the best value. A "taste chart" explains how to identify the flavors in a wine, and a "troubleshooter's guide" spots common wine flaws. Whether you are a newcomer wanting to explore the pleasures of wine or a wine enthusiast looking for inspiration, The New Sotheby's Wine Encyclopedia is the book to consult again and again.
