The Queen Is Dead (The Immortal Empire) Kate Locke

Xandra Vardan is the newly crowned Goblin Queen of England. But her complicated life is by no means over.

There are the political factions vying for her favor, and the all too-close scrutiny of Queen Victoria, who for some reason wants her head. Not to mention her werewolf boyfriend with demands of his own, and a mother hell bent on destroying the monarchy. Now she's the suspect in a murder investigation --- and Xandra barely knows which way is up.

What she does know is that nothing lasts forever---and immortality isn't all its cracked up to be.
