Solar System For Kids For Fun And School - Stage 2 ages 8 to 11: Amazing facts and pictures about planets and space plus everything you need to know for school Jamie Maslen

THE PURPOSE OF this book is to inform readers of the many facts and details surrounding our solar system. If you've read Book 1 in this series, the concepts will appear familiar, as this is an expansion of those thoughts, on a more detail-oriented level.

We'll be reviewing the relationship between the Sun and the Earth, the planets in our solar system, the nature of galaxies, and even the extensive age of our universe. Ideally, the text will give readers a basic foundation for understanding the solar system, perhaps even inspire them to higher astronomy-focused pursuits!

It is with great enthusiasm and care that each chapter was written. I hope you'll learn a lot!
